

Autumn Magic at Point Reyes - Sue Reynolds

Materials to Bring to the Workshop:

- Bring any digital or film camera with manual settings and focus; be familiar with its operation. If you have an Automatic-only camera, you can take the class and get ideas for a camera upgrade later.
- Owner's Manual,
- Notebook
- Pen or laptop
- Extra camera battery if you have one
- Tripod and remote release are helpful.

Participants should be comfortable walking up to 2 miles carrying camera equipment, snacks and water.

Before class, familiarize yourself with your camera's basic controls, including shutter speed, aperture and focus settings. Read your Owner's Manual and bring it with you to the workshop.
