

## **Wow! Landscape Photography**

**Sue Reynolds**

Please Bring:

- Any digital or film camera with manual settings; be familiar with its operation\*
- Camera Owner's Manual
- Paper and pen or other note-taking device
- Extra camera battery if you have one
- Tripod and remote release are helpful
- Snacks and water
- For second class critique: up to six 8x10 or 5x7 prints from first field session

Before class, please be familiar with your camera's basic controls including shutter speed, aperture and focus settings, and also Read your Owner's Manual and bring it with you to both classes.

Participants should be comfortable walking 2 miles carrying camera gear, snacks and water.

One field session may require State Park fees, which can be shared by car-pooling, and another field location may not have restrooms at the trailhead.

\* If you have an Automatic-only camera, you can take the class and get ideas for a camera upgrade later.
